

WELLAND AVENUE CHIROPRACTIC & MASSAGE THERAPY

"Let us help you live well"

General Motors of Canada recently announced a reduction in the benefit available to retired GM employees for chiropractic care and massage therapy. For some, this may result in increased out of pocket expenses for these important health services. At Welland Avenue Chiropractic & Massage Therapy, we have a unique solution which may help ease your financial burden.

Unlimited Chiropractic Care (UCC)

For our regular patients, we offer the privilege of purchasing coverage for unlimited chiropractic care for up to one year. The fee for this program is based on the cost of 14 visits and may be paid in four equal post-dated payments. The cost of the UCC program will depend on when benefits are maximized. We are pleased to offer the UCC program to all CAW199 members. For more information, please feel free to contact our clinic.

Massage Therapy

To further help CAW199 members maintain their health care and limit out of pocket expenses, we have arranged for a reduction in the fee for massage therapy. When your benefits are fully utilized we will offer a fee reduction of approximately 30%. The regular fee for a one hour massage will be reduced from \$50 to \$70.
